RGU-2036 T BLK

This fully collapsible receptacle is like nothing else on the market. Competitive products are unstable and poorly constructed. This all steel, 60 gallon unit is ideal for temporary locations.

Features and Benefits

- 60 gallon square, fully collapsible receptacle that ships and stores flat to allow for easy storage
- 10" Square for TRASH, 5" Circle opening for RECYCLABLES ONLY
- Units include no slip gaskets to hold bags in place with hinged lid (bag not included)
- Bottom panel maintains unit shape and stability
- Pre-applied waste stream white decals on designated lid:
Recycling Mobius, Trash Man
- Easy-to-read white graphics on (2) 6" x 13" panels on 2 sides for designated waste streams
- Finished with UV-stable EXL-COAT powder coat for water and UV resistance and easy damp cloth clean-up
- Ideal for security conscious facilities such as: airports, train stations, sports facilities, government & office complexes, convention centers and temporary locations or seasonal events where large crowds gather
- Contains over 30% recycled material and 100% post-consumer recyclable
